Goodbye, Things: The New Japanese Minimalism Fumio Sasaki 2017-04-11

The best-selling phenomenon from Japan that shows us a minimalist life is a happy life. Fumio Sasaki is not an enlightened minimalism expert or organizing guru like Marie Kondo—he's just a regular guy who was stressed out and constantly comparing himself to others, until one day he decided to change his life by saying goodbye to everything he didn't absolutely need. The effects were remarkable: Sasaki gained true freedom, new focus, and a real sense of gratitude

for everything around him. In *Goodbye, Things* Sasaki modestly shares his personal minimalist experience, offering specific tips on the minimizing process and revealing how the new minimalist movement can not only transform your space but truly enrich your life. The benefits of a minimalist life can be realized by anyone, and Sasaki's humble vision of true happiness will open your eyes to minimalism's potential.

Learning in the Museum George E. Hein 2002-09-11 *Learning in the Museum* examines major issues and shows how research in visitor studies and the philosophy of education can be applied to facilitate a meaningful educational experience in museums. Hein combines a brief history of education in public museums, with a rigorous examination of how the

educational theories of Dewey, Piaget, Vygotsky and subsequent theorists relate to learning in the museum. Surveying a wide range of research methods employed in visitor studies is illustrated with examples taken from museums around the world, Hein explores how visitors can best learn from exhibitions which are physically, socially, and intellectually accessible to every single visitor. He shows how museums can adapt to create this kind of environment, to provide what he calls the 'constructivist museum'. Providing essential theoretical analysis for students, this volume also serves as a practical guide for all museum professionals on how to adapt their museums to maximize the educational experience of every visitor.

Deśawarṇana Prapañca (Mpu) 1995 It is just over a century since the first manuscript of *Désawarnana* (also known as the *Nagarakrtagama*) was rescued from the sack of the palace at Cakranagara in Lombok. Once its importance for Javanese history was recognized, its place was assured: our picture of the greatness of the Javanese kingdom of Majapahit in the second half of the 14th century is based largely on the evidence of this one text, and it is true to say that this picture has formed an inspiration for modern Indonesians as well. The text is not a literary masterpiece, and it is not typical of its genre; in fact it is unique. One of the reasons for this is the fact that here and there its author, Mpu Prapanca, tells us something about himself, in particular when he

accompanies his king as Superintendent of Buddhist Affairs on a long journey through the countryside of East Java in 1359.

A Russian Affair Anton Chekhov
2007-08-02 When Gurov sees the lady with the little dog on a windswept promenade, he knows he must have her. But she is different from his other flings – he cannot forget her ... Chekhov's stories are of lost love, love at the wrong time and love that can never be. United by the theme of love, the writings in the Great Loves series span over two thousand years and vastly different worlds. Readers will be introduced to love's endlessly fascinating possibilities and extremities: romantic love, platonic love, erotic love, gay love, virginal love, adulterous love, parental love, filial love, nostalgic

love, unrequited love, illicit love, not to mention lost love, twisted and obsessional love...

Crisis in the Red Zone Richard Preston 2019-07-23 NEW YORK TIMES BESTSELLER • An urgent wake-up call about the future of emerging viruses and a gripping account of the doctors and scientists fighting to protect us, told through the story of the

deadly 2013–2014 Ebola epidemic “Crisis in the Red Zone reads like a thriller. That the story it tells is all true makes it all more terrifying.”—Elizabeth Kolbert, Pulitzer Prize–winning author of *The Sixth Extinction* From the #1 bestselling author of *The Hot Zone*, now a National Geographic original miniseries . . . This time, Ebola started with a two-year-old child who likely had contact with a wild creature and whose entire family quickly fell ill and died. The ensuing global drama activated health professionals in North America, Europe, and Africa in a desperate race against time to contain the viral wildfire. By the end—as the virus mutated into its deadliest form, and spread farther and faster than ever before—30,000 people would

be infected, and the dead would be spread across eight countries on three continents. In this taut and suspenseful medical drama, Richard Preston deeply chronicles the pandemic, in which we saw for the first time the specter of Ebola jumping continents, crossing the Atlantic, and infecting people in America. Rich in characters and conflict—physical, emotional, and ethical—Crisis in the Red Zone is an immersion in one of the great public health calamities of our time. Preston writes of doctors and nurses in the field putting their own lives on the line, of government bureaucrats and NGO administrators moving, often fitfully, to try to contain the outbreak, and of pharmaceutical companies racing to develop drugs to combat the virus. He

also explores the charged ethical dilemma over who should and did receive the rare doses of an experimental treatment when they became available at the peak of the disaster. Crisis in the Red Zone makes clear that the outbreak of 2013–2014 is a harbinger of further, more severe outbreaks, and of emerging viruses heretofore unimagined—in any country, on any continent. In our ever more interconnected world, with roads and towns cut deep into the jungles of equatorial Africa, viruses both familiar and undiscovered are being unleashed into more densely populated areas than ever before. The more we discover about the virosphere, the more we realize its deadly potential. Crisis in the Red Zone is an exquisitely timely book, a stark

warning of viral outbreaks to come.

Encyclopedia of Wicca & Witchcraft
Raven Grimassi 2000 Grimassi has written extensively about Wicca, and Llewellyn specializes in books sympathetic to occult ways, so the combination is pretty predictable. He describes not only the usual magic practices, but also the religious and spiritual aspects of what believers say is inherited ancient European wisdom and scoffers say is made-up, new-age nonsense. Foreign Exchange & Risk Management C. Jeevanandam 2020-10-10 The book continues the tradition of providing a blend of sound theoretical knowledge of foreign exchange economics with practical and procedural aspects of banks and other

institutions connected with foreign exchange. Each topic is comprehensively dealt with, looking at it from every angle, viz., the conceptual framework, exchange control regulations, rules of FEDAI and the International Chamber of Commerce, and procedures of banks. It presents in a cogent and understandable manner materials that lie scattered. The book is designed to meet the requirements of post-graduate courses in commerce and economics and MBA for papers such as 'Foreign Exchange', 'Foreign Exchange Risk Management' and 'International Finance Management'. While the whole book discusses be region exchange by all concerned, the last section concentrates on its management in an international on multinational firm. Practical questions that appeared in

professional courses of Chartered Accountants, Cost and Management Accountants and Chartered Secretaries and MBA courses have been included in appropriate chapters with full solutions. To encourage student to attempt on his/her own the solutions are provided after the set of questions and not after each question.

Beautifully Ruined Nessa Morgan
2014-03-06 I feel I'm losing it all, everything I've kept near and dear-- I'm shoving it away because I don't know how to keep my life in order anymore. What was simply fine and okay is no longer either. My world is growing into one black hole, dragging me down. I've discovered my monsters, I've found my demons, and to make sure no one goes down with me, I've given them an out. I've given Zephyr the out he deserves. But was it worth it? Just when Joey's life seemed to

be getting better, one night sends her memory into overdrive. Not able to cope, she pushes away the only friend she could count and tries to cut out all the rest. When a new student walks into her class and is assigned the seat next to hers, Joey's not sure whether punch him or kick him below the belt with how forward he is. All this while fighting the urge to go back and beg Zephyr to be hers again. When the unthinkable happens, she has a hard decision to make--the hardest she's ever had to make: to stay or go.

Angel Creek Linda Howard 2011-08-09
Desire came like a wildfire to the

Colorado hills to claim a woman's property...and her heart. From the New York Times bestselling author of *A Lady of the West*. For five years after her father died, beautiful Dee Swann held on to Angel Creek valley and her independence. The homestead was hers, and she vowed no one else would ever own it...or her. Then Lucas Cochran came back to Colorado. In the drought-cursed high country, he needed Angel Creek and its cool water to turn his Double C ranch into the cattle dynasty he craved. His ruthless ambition guaranteed he would fight to take it away from the black-haired, green-eyed spitfire who claimed it. But the passion that blazed when Dee Swann and Lucas Cochran met shocked them both. Unbidden, unexpected, their kisses swept them toward a dangerous destiny

where dreams might be scattered...men could be killed...or love would be born as wild and unfettered as this glorious frontier.

The Getaway Car Ann Patchett

2011-08-29 "The journey from the head to the hand is perilous and lined with bodies. It is the road on which nearly everyone who wants to write- and many of the people who do write- get lost." So writes Ann Patchett in "The Getaway Car", a wry, wisdom-packed memoir of her life as a writer. Here, for the first time, one of America's most celebrated authors ("State of Wonder", "Bel Canto", "Truth and Beauty"), talks at length about her literary career- the highs and the lows- and shares advice on the craft and art of writing. In this fascinating look at the development of a novelist, we meet Patchett's

mentors (Allan Gurganas, Grace Paley, Russell Banks), see where she made wrong turns (poetry), and learn how she gets the pages written (an unromantic process of pure hard work). Woven through engaging anecdotes from Patchett's life are lessons about writing that offer an inside peek into the storytelling process and provide a blueprint for anyone wanting to give writing a serious try. The bestselling author gives pointers on everything from finding ideas to constructing a plot to combating writer's block. More than that, she conveys the joys and rewards of a life spent reading and writing. "What I like about the job of being a novelist, and at the same time what I find so exhausting about it, is that it's the closest thing to being God that you're ever going to

get," she writes. "All of the decisions are yours. You decide when the sun comes up. You decide who gets to fall in love..." In this Byliner Original by the new digital publisher Byliner, "The Getaway Car" is a delightful autobiography-cum-user's guide that appeals to both inspiring writers and anyone who loves a great story.

The Little Rhetoric & Handbook Edward P. J. Corbett 1977

Java in the 14th Century Theodore G.Th. Pigeaud 2013-03-09 Essentially the following commentary on the contents of the Nāgara-Kertāgama has been made up from notes by former editors of the text together with remarks, criticisms and digressions by the present author. As Kern, Krom and their contemporaries were especially interested in dynastie

history and archeology their notes on those subjects are legion, and as a result of their studies on many points a communis opinio has been reached. The argumentations which led up to this end are not reproduced in the present edition. The interested reader is referred to Krom's great books: Oud-Javaansche Kunst and Hindoe-Javaansche Geschiedenis. It is to be expected that before long the results of Krom's life-work will be made accessible for English readers by De Casparis. On the other hand cultural history, religion, economics and sociology have been rather neglected by the first editors of the Nāgara-Kertāgama. The present author has done his best to remedy that omission. The reader will find that the greater part of the following commentaries is concerned with those

subjects. The contemporaneous minor texts and the charters that are published, translated and annotated in the present book in the same manner as the Nāgara-Kertāgama have been chosen almost exclusively for the valuable information on social, economic and religious conditions in the 14th century Majapahit realm that is afforded by them.

Introducing Rousseau Dave Robinson 2015-09-03 Illustrated guide to the crucial French philosopher who denied bring a philosopher at all. 'I am like no one else in the whole world ...' Thus begins Jean-Jacques Rousseau's defiant Confessions - an

autobiography of astounding psychological insight. Musician, poet, novelist and botanist, but above all, a philosopher who firmly denied being one, Rousseau was the first to ask: "What is the value of civilization?" His answer - that civilization corrupts natural goodness and increases social inequalities - shocked his Enlightenment contemporaries and still challenges us today. Did Rousseau inspire the French Revolution? Can Romanticism, psychoanalysis and Existentialism all be traced back to him? Introducing Rousseau presents a maverick thinker whose ideas revolutionized our understanding of childhood, education, government, language and much else. Dave Robinson's clear and concise account of Rousseau's ideas,

engagingly dramatized by Oscar Zarate's illustrations, guides the reader through Rousseau's turbulent life of lost innocence, persecution and paranoia. *Her Tender Tyrant* Elizabeth Lennox 2014-12-19 Marcus moved through life expecting everything to be logical. Science could explain everything and he'd learned to make enormous profits understanding science. So when he runs into the illogical Juliette, his mind has a hard time understanding why she would walk down the street singing and dancing. There wasn't any music! But no matter how much he craved logic and reason, his body craved Juliette more. Juliette is fascinated by Marcus's stoicism. How could he walk down the street and not feel the joy in the sunshine? How could he ignore the sounds of the

grasshoppers and birds? Or smile at the perfection of a flower? And how could her mind and body need a man who didn't understand the joy of living life for the moment? Enjoy the fifth book in The Alfieri Saga!

The Last Secret of the Temple Paul Sussman 2008-09-23 An ancient secret threatens to unleash a modern war in this international-best-selling "thriller on par with the best literature out there" (James Rollins). Jerusalem, 70 AD: As the invading Romans destroy the Holy Temple, a young Jewish boy is hidden away—chosen as the guardian of a great secret. And for seventy generations, the secret is kept safe . . . But now, in order to ignite a new conflict between Israel and the Arab world, a Jewish radical is prepared to reveal what has been

hidden for centuries. The only ones who can stop the coming bloodshed are a beautiful young Palestinian journalist and two detectives—one Israeli, one Egyptian—in an unlikely alliance. As their separate searches for the truth intertwine, they discover there are some in this war-torn region who believe true peace can only be found in death . . . Full of the detail and in-depth knowledge only a bestselling author and true-life archaeologist could deliver, this is a "tightly-plotted, richly-observed, thought-provoking thriller" (Raymond Khoury). "Sussman, an archeologist, puts in plenty of satisfying twists and turns, and grounds the story in the violence and intrigue of the current Israeli-Palestinian conflict." —Publishers Weekly

Institutions of the Asia-Pacific Mark Beeson 2008-08-18 The Asia-Pacific is arguably the most important, but also the most complex and contested, region on the planet. Containing three of the world's largest

economies and some of its most important strategic relationships, the region's capacity of regional elites to promote continuing economic development whilst simultaneously maintaining peace and stability will be one of the defining challenges of the twenty-first century international order. Intuitively, we might expect regional institutions to play a major role in achieving this. Yet one of the most widely noted characteristics of the Asia-Pacific region has been its relatively modest levels of institutional development thus far. However, things are changing: as individual economies in the Asia-Pacific become more deeply integrated, there is a growing interest in developing and adding to the institutions that already exist. Institutions of the Asia-Pacific

examines how this region is developing, and what role established organisations like APEC and new bodies like ASEAN Plus Three are playing in this process. An expert in the field, Mark Beeson introduces the contested nature of the very region itself – should it be the 'Asia-Pacific' or 'East Asia' to which we pay most attention and expect to see most institutional development. By placing these developments in historical context, he reveals why the very definition of the region remains unsettled and why the political, economic and strategic relations of this remarkably diverse region remain fraught and difficult to manage.

Absolute Fear L. Jackson 2021 When a series of brutal ritual slayings is linked to Our Lady of Virtues Hospital, Eve Renner, whose past is tied to this old asylum, must learn to trust her former lover Cole Dennis, who was accused of attempted murder, when she becomes the killer's next target.

Archaeology Robert J. Sharer 1993 This introductory text surveys the techniques, methods and theoretical frameworks of contemporary archaeology. Coverage of method and theory resides in the context of an ideal research plan to explain what archaeologists do, how they conduct research, and how they use the

results to construct our past. Integration of traditional and recent innovative approaches to archaeology provides a balanced scientific and humanistic perspective.

The Nomadic Developer Aaron Erickson 2009-05-05 Learn the Real Secrets of Succeeding as a Software or IT Consultant in Any Economic Climate! Despite economic cycles, the idea of using technology to make a company more efficient and competitive—or perhaps even reach a new market—is appealing to all but the most desperate and cash-starved companies. More and more often, those companies look to technology consultants to fulfill their needs. There are real advantages to being a consultant. The Question of Red Laksmi Pamuntjak
2016-07-12 In this sweeping saga of love, loss, revolution, and the resilience of the human spirit, Amba must find the courage to forge her own path. Amba was named after a tragic figure in Indonesian mythology, and she spends her

lifetime trying to invent a story she can call her own. When she meets two suitors who fit perfectly into her namesake's myth, Amba cannot help but feel that fate is teasing her. Salwa, respectful to a fault, pledges to honor and protect Amba, no matter what. Bhisma, a sophisticated, European-trained doctor, offers her sensual pleasures and a world of ideas. But military coups and religious disputes make 1960s Indonesia a place of uncertainty, and the chaos strengthens Amba's pursuit of freedom. The more Amba does to claim her own story, the better she understands her inextricable bonds to history, myth, and love."

Introducing Philosophy Dave Robinson
2014-06-05 Philosophers have always enjoyed asking awkward and provocative questions, such as: What

is the nature of reality? What are human beings really like? What is special about the human mind and consciousness? Are we free to choose who we are and what we do? Can we prove that God exists? Can we be certain about anything at all? What is truth? Does language provide us with a true picture of the world? How should we behave towards each other? Do computers think? Introducing Philosophy is a comprehensive graphic guide to the thinking of all the significant philosophers of the Western world from Heraclitus to Derrida. It examines and explains their key arguments and ideas without being obscure or solemn. Lively and accessible, it is the perfect introduction to philosophers and philosophical ideas for anyone coming to the subject for the first time.

PCB Design for Real-World EMI Control

Bruce R. Archambeault 2013-06-29

Proper design of printed circuit boards can make the difference between a product passing emissions requirements during the first cycle or not. Traditional EMC design practices have been simply rule-based, that is, a list of rules-of-thumb are presented to the board designers to implement. When a particular rule-of-thumb is difficult to implement, it is often ignored. After the product is built, it will often fail emission requirements and various time consuming and costly add-ons are then required. Proper EMC design does not require advanced degrees from universities, nor does it require strenuous mathematics. It does require a basic understanding of the underlying principles of the

potential causes of EMC emissions. With this basic understanding, circuit board designers can make trade-off decisions during the design phase to ensure optimum EMC design. Consideration of these potential sources will allow the design to pass the emissions requirements the first time in the test laboratory. A number of other books have been published on EMC. Most are general books on EMC and do not focus on printed circuit board is intended to help EMC engineers and design design. This book engineers understand the potential sources of emissions and how to reduce, control, or eliminate these sources. This book is intended to be a 'hands-on' book, that is, designers should be able to apply the concepts in this book directly to their designs in the real-world.

Unhooking the Moon Gregory Hughes
2013-10-01 Winner of the Booktrust Teenage Prize and a finalist for The Guardian Children's Fiction Prize, a starred review Kirkus Review praised *Unhooking the Moon* as a "rousing adventure on the not-so-mean streets, with heart aplenty." When an adventurous sister-and-brother duo become orphans, a funny and heartbreaking roadtrip to New York

ensues, as the pair searches for their long-lost uncle. Meet the Rat: A dancing, soccer-loving, fearless ten-year-old from Winnipeg, Manitoba. Meet her older brother, Bob: Protector of the Rat, though more often than not her faithful follower, Bob is determined to build a new and better life for him and his sister in America. Of particular concern for him are his sister's mysterious fits, which keep getting more and more severe. On their adventures traveling alone from the flatlands of Winnipeg, southward across the border into America, Bob and the Rat make friends with a host of unlikely characters, including a hilarious con man and a famous rap star. As they struggle to survive in the big city, they realize that finding your uncle in New York is incredibly difficult if you have

almost no information about him--even if he is rumored to be one of the city's biggest drug dealers.
