Democracy in Chains Nancy MacLean 2017-06-13 Winner of the Lillian Smith Book Award Winner of the Los Angeles Times Book Prize Finalist for the National Book Award The Nation's "Most Valuable Book" "[A] vibrant intellectual history of the radical right."—The Atlantic "This sixty-year campaign to make libertarianism mainstream and eventually take the government itself is at the heart of *Democracy in Chains*. . . . If you're worried about what all this means for America's future, you should be."—NPR An explosive exposé of the right's relentless campaign to eliminate unions, suppress voting, privatize public education, stop action on climate change, and alter the Constitution. Behind today's headlines of billionaires taking over our government is a secretive political establishment with long, deep, and troubling roots. The capitalist radical right has been working not simply to change who rules, but to fundamentally alter the rules of democratic governance. But billionaires did not launch this movement; a white intellectual in the embattled Jim Crow South did. *Democracy in Chains* names its true architect—the Nobel Prize-winning political economist James McGill Buchanan—and dissects the operation he and his colleagues designed over six decades to alter every branch of government to disempower the majority. In a brilliant and engrossing narrative, Nancy MacLean shows how Buchanan forged his ideas about government in a last gasp attempt to preserve the white elite's power in the wake of *Brown v. Board of Education*. In response to the widening of American democracy, he developed a brilliant, if diabolical, plan to undermine the ability of the majority to use its numbers to level the playing field between the rich and powerful and the rest of us. Corporate donors and their right-wing foundations were only too eager to support Buchanan's work in teaching others how to divide America into "makers" and "takers." And when a multibillionaire on a messianic mission to rewrite the social contract of the modern world, Charles Koch, discovered Buchanan, he created a vast, relentless, and multi-armed machine to carry out Buchanan's strategy. Without Buchanan's ideas and Koch's money, the libertarian right would not have succeeded in its stealth takeover of the Republican Party as a delivery mechanism. Now, with Mike Pence as Vice President, the cause has a longtime loyalist in the White House, not to mention a phalanx of Republicans in the House, the Senate, a majority of state governments, and the courts, all carrying out the plan. That plan includes harsher laws to undermine unions, privatizing everything from schools to health care and Social Security, and keeping as many of us as possible from voting. Based on ten years of unique research, *Democracy in Chains* tells a chilling story of right-wing academics and big money run amok. This revelatory work of scholarship is also a call to arms to protect the achievements of twentieth-century American self-government.

Nancy Love and the WASP Ferry Pilots of World War II Sarah Byrn Rickman 2008 She flew the swift P-51 and the capricious P-38, but the heavy, four-engine B-17 bomber and C-54 transport were her forte. This is the story of Nancy Harkness Love who, early in World War II, recruited and led the first group of twenty-eight women to fly military aircraft for the U.S. Army. When the United States entered World War II, the Army needed pilots to transport or "ferry" its combat-bound aircraft across the United States for overseas deployment and its trainer airplanes to flight training bases. Most male pilots were assigned to combat preparation, leaving few available for ferrying jobs. Into this vacuum stepped Nancy Love and her civilian Women's Auxiliary Ferrying Squadron (WAFS). Love had advocated using women as ferry pilots as early as 1940. Jackie Cochran envisioned a more ambitious plan, to train women to perform a variety of the military's flight-related jobs stateside. The Army implemented both programs in the fall of 1942, but Jackie's idea piqued General Hap Arnold's interest and, by summer 1943, her concept had won. The women's programs became one under the name Women Airforce Service Pilots (WASP), with Cochran as the Director of Women Pilots and Love as the Executive for WASP. Nancy Love believed

that the women attached to the military needed to be on equal footing with the men and given the same opportunities to prove their abilities and mettle. Young women serving today as combat pilots owe much to Love for creating the opportunity for women to serve. Her foresight and tenacity nearly seventy years ago helped ensure their future. Now author Sarah Byrn Rickman, aviation historian, presents the first full-length biography of Nancy Love and her role in the WAFS and WASP programs. Her book will appeal to all with a love of flight.

Against Amnesia Nancy J. Peterson 2001-04-23 "An important study in American literature."--Novel

The Way We Never Were Stephanie Coontz 2016-03-29 The definitive edition of the classic, myth-shattering history of the American family *Leave It to Beaver* was not a documentary, a man's home has never been his castle, the "male breadwinner marriage" is the least traditional family in history, and rape and sexual assault were far higher in the 1970s than they are today. In *The Way We Never Were*, acclaimed historian Stephanie Coontz examines two centuries of the American family, sweeping away misconceptions about the past that cloud current debates about domestic life. The 1950s do not present a workable model of how to conduct our personal lives today, Coontz argues, and neither does any other era from our cultural past. This revised edition includes a new introduction and epilogue, exploring how the clash between growing gender equality and rising economic inequality is reshaping family life, marriage, and male-female relationships in our modern era. More relevant than ever, *The Way We Never Were* is a potent corrective to dangerous nostalgia for an American tradition that never really existed. [The Fashion Designer \(Free Preview\)](#) Nancy Moser 2019-01-01 "The slogan of the store—"unruffled, unveiled, unstoppable women"—is a perfect descriptor for the tenacious religious feminists who here pursue the American Dream. " -Publishers Weekly *The American Dream* thrives in 1912 New York City Annie Wood, the housemaid-turned-pattern designer in *The Pattern Artist*, jumps at the chance to design her own clothing line when a wealthy New York couple offers to finance her endeavor. Joining the project is Annie's new husband, Sean Culver, her best friend at Butterick, Maude Nascato, and a mother figure, Edna Holmquist. Annie and her colleagues give up their careers, risking everything to follow a shared passion: clothes that are both fashionable and functional for modern, busy women in 1912. Personal and financial setbacks test old relationships and new romances while threatening to keep the business from ever selling a single dress. No one said it would be easy. But the promise of the American Dream holds a deep hope for those who work hard, trust God, and never give up.

Their Eyes Were Watching God Zora Neale Hurston 2006-01-03 One of the most important works of twentieth-century American literature, Zora Neale Hurston's beloved 1937 classic, *Their Eyes Were Watching God*, is an enduring Southern love story sparkling with wit, beauty, and heartfelt wisdom. Told in the captivating voice of a woman who refuses to live in sorrow, bitterness, fear, or foolish romantic dreams, it is the story of fair-skinned, fiercely independent Janie Crawford, and her evolving selfhood through three marriages and a life marked by poverty, trials, and purpose. A true literary wonder, Hurston's masterwork remains as relevant and affecting today as when it was first published -- perhaps the most widely read and highly regarded novel in the entire canon of African American literature.

The Women Who Wrote the War Nancy Caldwell Sorel 1999

Celebrates the accomplishments of World War II's female war correspondents, who risked their lives in combat zones to provide firsthand reports on the events of the war

The Girls' History and Culture Reader Miriam Forman-Brunell 2011 The *Girls' History and Culture Reader: The Nineteenth Century* provides scholars, instructors, and students with the most influential essays that have defined the field of American girls' history and culture. A relatively new and energetic field of inquiry, girl-centered research is critical for a fuller understanding of women and gender, a deeper consideration of childhood and adolescence, and a greater acknowledgment of the significance of generation as a historical force in American culture and society. Bringing together work from top scholars of women and youth, *The Girls' History and Culture Reader: The Nineteenth Century* addresses topics ranging from diary writing and toys to prostitution and slavery. Covering girlhood and the relationships between girls and women, this pioneering volume tackles pivotal themes such as education, work, play, sexuality, consumption, and the body. The reader also illuminates broader nineteenth-century developments—including urbanization, industrialization, and immigration—through the often-overlooked vantage point of girls. As these essays collectively suggest, nineteenth-century girls wielded relatively little political or social power but carved out other spaces of self-expression. Contributors are Carol Devens, Miriam Forman-Brunell, Jane H. Hunter, Anya Jabour, Anne Scott MacLeod, Susan McCully, Mary Niall Mitchell, Leslie Paris, Barbara Sicherman, Carroll Smith-Rosenberg, Christine Stansell, Nancy M. Theriot, and Deborah Gray White.

The Bonds of Womanhood Nancy F. Cott 1997-07-21 This twentieth anniversary edition of Nancy F. Cott's acclaimed study includes a new preface in which Cott assesses her own and other historian's development of the concept of domesticity from the 1970s to the 1990s. "Nancy Cott's *Bonds of Womanhood* is not just a pioneer work in women's history. It is a classic. Despite all the work published since, it is still an essential starting place for understanding New England in the early republic."—Laurel Thatcher Ulrich "Cott, still the best historian of women's bonds and bondage, foresaw twenty years ago the tendency of domesticity's bonds to lead both to feminism and the far right. An essential book for understanding today's women."—Carolyn Heilbrun Reviews of the earlier edition: "A lovely, gentle, scholarly, and valuable book."—Doris Grumbach, *New York Times Book Review* "Women's history at its best."—Phyllis Krieger, *New Directions for Women*

Nancy Reagan Pierre-Marie Loizeau 2004 The public perception of the First Lady has evolved through the years and the press and scholars are beginning to take note of the essential role presidents' wives have played in the Administration and in the nation as a whole. Their participation in the country's historical, philosophical and sociological experience has made them "First Women" and "First Partners". They have been identified as standard bearers of the whole female community, as they have both pioneered and reflected women's role in American society. The twentieth century in particular has seen the construction of their image in the media and highlighted the evolution of their political role at the heart of presidential power. Has Nancy Reagan been underrated, misunderstood, unfairly criticised? Have her qualities (clear-sightedness, rigour, moral rectitude, empathy, her positive image abroad, etc.) been too often ignored? To what extent has she expanded or limited the undefined institution of the First Lady? The book seeks to explore the ambiguity that underlies this First Lady's multiple facets. It intends to shed light on the particularities of one of the most controversial yet exceptional women of the twentieth century and get a deeper insight into the complex role of the (first) lady they called "the woman behind the man".

Nancy Batson Crews Sarah Byrn Rickman 2009-08-02 A riveting oral history/biography of a pioneering woman aviator. This is the story of an uncommon woman—high school cheerleader, campus queen, airplane pilot, wife, mother, politician, business-woman—who epitomizes the struggles and freedoms of women in 20th-century America, as they first began to believe they could live full lives and demanded to do so. World War II offered women the opportunity to contribute to the work of the country, and Nancy Batson Crews was one woman who made the most of her privileged beginnings and youthful talents and opportunities. In love with flying from the time she first saw Charles Lindbergh in Birmingham, (October 1927), Crews began her aviation career in 1939 as one of only five young women chosen for Civilian Pilot Training at the University of Alabama. Later, Crews became the 20th woman of 28 to qualify as an "Original" Women's Auxiliary Ferrying Squadron (WAFS) pilot, employed

during World War II shuttling P-38, P-47, and P-51 high-performance aircrafts from factory to staging areas and to and from maintenance and training sites. Before the war was over, 1,102 American women would qualify to fly Army airplanes. Many of these female pilots were forced out of aviation after the war as males returning from combat theater assignments took over their roles. But Crews continued to fly, from gliders to turbojets to J-3 Cubs, in a postwar career that began in California and then resumed in Alabama. The author was a freelance journalist looking to write about the WASP (Women Airforce Service Pilots) when she met an elderly, but still vital, Nancy Batson Crews. The former aviatrix held a reunion of the surviving nine WAFS for an interview with them and Crews, recording hours of her own testimony and remembrance before Crews's death from cancer in 2001. After helping lead the fight in the '70s for WASP to win veteran status, it was fitting that Nancy Batson Crews was buried with full military honors. Hearts of Darkness Jane Marcus 2004 In this book, one of modernism's most insightful critics, Jane Marcus, examines the writings of novelists such as Virginia Woolf, Nancy Cunard, Mulk Raj Anand, and Djuna Barnes—artists whose work coincided with the end of empire and the rise of fascism before the Second World War. All these writers delved into the "dark hearts" of imperialism and totalitarianism, thus tackling some of the most complex cultural issues of the day. Marcus investigates previously unrecognized ways in which social and political tensions are embodied by their works. The centerpiece of the book is Marcus's dialogue with one of her best-known essays, "Britannia Rules The Waves." In that piece, she argues that *The Waves* makes a strong anti-imperialist statement. Although many already support that argument, she now goes further in order to question the moral value of such a buried critique on Woolf's part. In "A Very Fine Negress" she analyzes the painful subject of Virginia Woolf's racism in *A Room of One's Own*. Other chapters traverse the connected issues of modernism, race, and imperialism. In two of them, we follow Nancy Cunard through the making of the Negro anthology and her appearance in a popular novel of the freewheeling Jazz Age. Elsewhere, Marcus delivers a complex analysis of *A Passage to India*, in a reading that interrogates E. M. Forster's displacement of his fear of white Englishwomen struggling for the vote. Marcus, as always, brings considerable gifts as both researcher and writer to this collection of new and reprinted essays, a combination resulting in a powerful interpretation of many of modernism's most cherished figures.

My heart filled with fear and hope at the same time. I had the feeling that I was brought to America for a purpose. Something important would happen to me here. I remembered the words of the poem, "Give me your tired, your poor, your huddled masses . . ." "Here we are, America," I whispered. "We're just exactly what you ordered." When she arrives on Ellis Island as a seventeen-year-old Irish immigrant, Rose Nolan is looking for a land of opportunities; what she finds is far from all she'd dreamed. Stubborn and tenacious, she refuses to give up. Left alone to fend for herself and her younger sister, Rose is thrust into a hard-knock life of tenements and factory work. When the devastating Triangle Shirtwaist Factory Fire of 1911 rushes into Rose's life, her confusions are brought to an all-too-painful head. To whom and to what can she turn when everything around her is in ashes?
